

This is a letter is in support of the six Entercom stations in New Orleans. Under the leadership of GM Phil Hoover, all six stations boardcast a live Radiothon for Children's Hospital From Thursday morning, Februry 5,2004 at 5:00am until 7:00pm that evening. This was repeated on Friday, Saturday and Sunday until 4:00pm. The Entercom stations broadcasted this extraordinary event at no charge to the hospital, and raised over \$950,000. This was a generous community outreach effort and a tremendous commitment by the entire staff of these stations. In addition to the approximately 68 hours of live independent broadcasting on each of six staions, the stations also produced PSAs, pre-taped interviews, music vignettes, etc. Many of the taped interviews were again played overnight and the sales staff even volunteered their time to answer phones. A truly superb effort that deserves recognition. Phil Hoover and the six Entercom stations have again agreed to repeat this event in February 2005. They are certainly exceeding the FCC requirements for community support. Brian T. Landry  
Vice President,  
Children's Hospital  
New Orleans, LA
